

**GUNT  
Fluid Line**

# Digital didactic concept

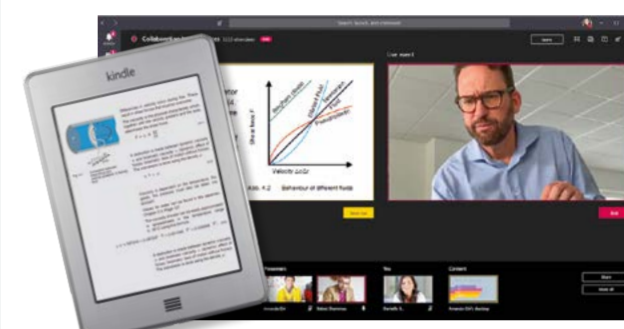

Practice in the engineering lab directed towards the future

**1**

background  
knowledge:  
theory

E-Learning: platform,  
e-books, webinar, ...

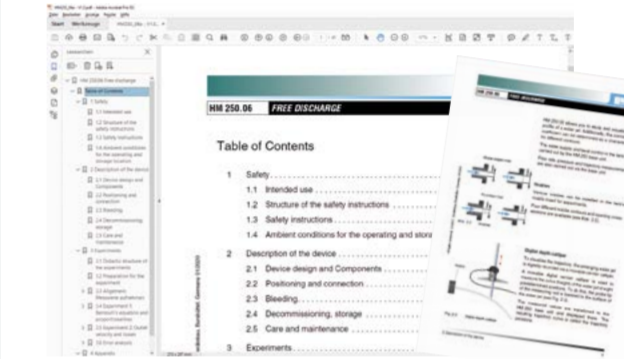

**2**

preparation  
for  
lab exercise

GUNT dedicated website:  
videos, manuals, ...

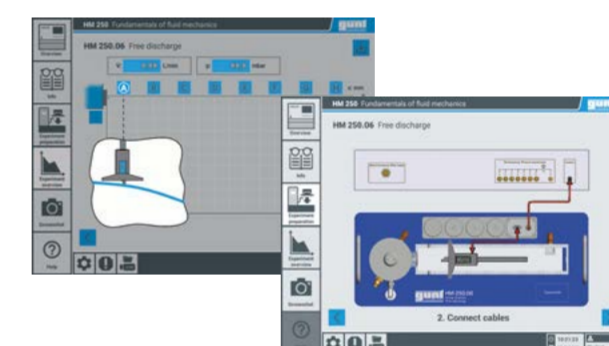

**3**

remote  
lab work  
via screen  
mirroring  
≥ 1,5m distance

One student is running  
the exercise, others are  
tracking on end devices.

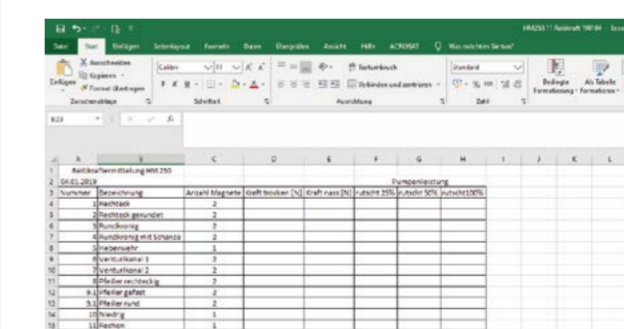

Remote learning via  
video / data transmission

**4**

data  
transport

Download the data:  
screenshots,  
measuring values, ...

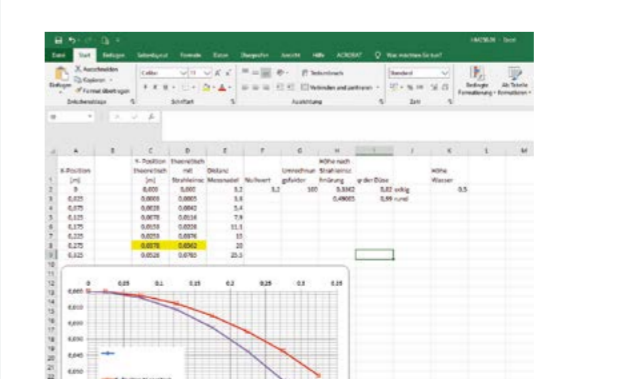

**5**

lab report  
and presen-  
tation

Homework: evaluation,  
lab report, presentation

remote passive learning

remote active learning
